SECTION 1: Identification

1.1. Identification

Product form: Substance
Substance name: Epoxidized Soybean Oil
CAS-No.: 8013-07-8
Synonyms: epoxidised soyabean oil / epoxybean oil / epoxydized soyabean oil / epoxysojabohneoel / ESBO / soybean oil, epoxidized / soybean oil, epoxidized / soybean oil,epoxidized

1.2. Recommended use and restrictions on use

Recommended use: Plasticizer

1.3. Supplier

1.4. Emergency telephone number

Emergency number: CHEMTREC 800-424-9300

SECTION 2: Hazard(s) identification

2.1. Classification of the substance or mixture

GHS-US classification
Not classified

2.2. GHS Label elements, including precautionary statements

GHS-US labeling
No labeling applicable

2.3. Other hazards which do not result in classification

No additional information available

2.4. Unknown acute toxicity (GHS US)

Not applicable

SECTION 3: Composition/Information on ingredients

3.1. Substances

Substance type: Mono-constituent

Full text of hazard classes and H-statements: see section 16

3.2. Mixtures

Not applicable

SECTION 4: First-aid measures

4.1. Description of first aid measures

| First-aid measures after inhalation | Remove the victim into fresh air. |
| First-aid measures after skin contact | Wash immediately with lots of water (15 minutes)/shower. Soap may be used. Remove clothing while washing. |
| First-aid measures after eye contact  | Rinse immediately with plenty of water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Take victim to an ophthalmologist. |
Epoxidized Soybean Oil
Safety Data Sheet
according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

First-aid measures after ingestion: Rinse mouth with water. Ingestion of large quantities: immediately to hospital. Call Poison Control Center.

4.2. Most important symptoms and effects (acute and delayed)
Potential Adverse human health effects and symptoms: Slightly harmful if swallowed. Slightly harmful in contact with skin. Not irritant to skin. Not irritant to respiratory organs. Not irritant to eyes.

4.3. Immediate medical attention and special treatment, if necessary
Treat symptomatically.

SECTION 5: Fire-fighting measures

5.1. Suitable (and unsuitable) extinguishing media

Unsuitable extinguishing media: Water (quick-acting extinguisher, reel); risk of puddle expansion. Water; risk of puddle expansion.

5.2. Specific hazards arising from the chemical
Fire hazard: DIRECT FIRE HAZARD: Not easily combustible. INDIRECT FIRE HAZARD: Temperature above flashpoint: higher fire/explosion hazard.

Reactivity: The product is non-reactive under normal conditions of use, storage and transport.

5.3. Special protective equipment and precautions for fire-fighters
Protection during firefighting: Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures
6.1.1. For non-emergency personnel
Protective equipment: Gloves. Protective clothing.
Emergency procedures: Mark the danger area. No naked flames.

6.1.2. For emergency responders
Protective equipment: Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".

6.2. Environmental precautions
Avoid release to the environment.

6.3. Methods and material for containment and cleaning up
For containment: Contain released product, pump into suitable containers. Plug the leak, cut off the supply.
Methods for cleaning up: Take up liquid spill into absorbent material, e.g.: sand. Scoop absorbed substance into closing containers. Contaminated surfaces: clean (treat) with an excess of soap solution.
Other information: Dispose of materials or solid residues at an authorized site.

6.4. Reference to other sections
For further information refer to section 13.

SECTION 7: Handling and storage

7.1. Precautions for safe handling
Precautions for safe handling: In finely divided state: use spark-/explosionproof appliances. Finely divided: keep away from ignition sources/sparks. Keep away from naked flames/heat. Comply with the legal requirements.
Hygiene measures: Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

7.2. Conditions for safe storage, including any incompatibilities
Storage conditions: Store in a well-ventilated place. Keep cool.
Heat-ignition: KEEP SUBSTANCE AWAY FROM: heat sources.
Storage area: Meet the legal requirements.
Special rules on packaging: SPECIAL REQUIREMENTS: correctly labelled. meet the legal requirements. Secure fragile packagings in solid containers.
SECTION 8: Exposure controls/personal protection

8.1. Control parameters
Contains no substances with occupational exposure limit values.

8.2. Appropriate engineering controls
Appropriate engineering controls : Ensure good ventilation of the work station.
Environmental exposure controls : Avoid release to the environment.

8.3. Individual protection measures/Personal protective equipment

Hand protection:
Impervious gloves (e.g. rubber) and rubber aprons where splashing is expected are recommended.

Eye protection:
Safety glasses

Skin and body protection:
Protective clothing

Respiratory protection:
In case of insufficient ventilation, wear suitable respiratory equipment

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state : Liquid
Appearance : Liquid.
Color : Yellow
Odor : No data available
Odor threshold : No data available
pH : No data available
Melting point : -4 °C
Freezing point : 0 °C
Boiling point : No data available
Flash point : 316 °C
Relative evaporation rate (butyl acetate=1) : No data available
Flammability (solid, gas) : Not applicable.
Vapor pressure : No data available
Relative vapor density at 20 °C : No data available
Relative density : 0.99
Solubility : Insoluble in water.
             Water: < 0.01 g/100ml
Log Pow : No data available
Auto-ignition temperature : No data available
Decomposition temperature : No data available
Viscosity, kinematic : No data available
Viscosity, dynamic : No data available
Explosion limits : No data available
Explosive properties : No data available
Oxidizing properties : No data available

9.2. Other information
Specific conductivity : 0.52 pS/m
Other properties : Slightly volatile.
### SECTION 10: Stability and reactivity

#### 10.1. Reactivity
The product is non-reactive under normal conditions of use, storage and transport.

#### 10.2. Chemical stability
Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions
No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid
Excessive heat.

#### 10.5. Incompatible materials
Strong oxidizing agents, strong mineral acids.

#### 10.6. Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### SECTION 11: Toxicological information

#### 11.1. Information on toxicological effects
| Acute toxicity                          | Not classified |
| Skin corrosion/irritation               | Not classified |
| Serious eye damage/irritation           | Not classified |
| Respiratory or skin sensitization       | Not classified |
| Germ cell mutagenicity                  | Not classified |
| Carcinogenicity                         | Not classified |
| Reproductive toxicity                   | Not classified |
| Specific target organ toxicity – single exposure | Not classified |
| Specific target organ toxicity – repeated exposure | Not classified |
| Aspiration hazard                       | Not classified |
| Potential Adverse human health effects and symptoms | Slightly harmful if swallowed. Slightly harmful in contact with skin. Not irritant to skin. Not irritant to respiratory organs. Not irritant to eyes. |

### SECTION 12: Ecological information

#### 12.1. Toxicity
- **Ecology - general**: The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment.
- **Ecology - water**: No water pollutant (surface water). No data available on ecotoxicity.

#### 12.2. Persistence and degradability

#### 12.4. Mobility in soil
No additional information available.

#### 12.5. Other adverse effects
No additional information available.
SECTION 13: Disposal considerations

13.1. Disposal methods
Waste treatment methods: Dispose of contents/container in accordance with licensed collector’s sorting instructions.
Product/Packaging disposal recommendations: Remove to an authorized dump. Remove to an authorized incinerator with energy recovery.

SECTION 14: Transport information

Department of Transportation (DOT)
In accordance with DOT
Not regulated

Transportation of Dangerous Goods
Not applicable

Transport by sea
Not applicable

Air transport
Not applicable

SECTION 15: Regulatory information

15.1. US Federal regulations
Epoxidized Soybean Oil (8013-07-8)
Listed on the United States TSCA (Toxic Substances Control Act) inventory

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory

15.2. International regulations
CANADA
No additional information available

EU-Regulations
No additional information available

National regulations
No additional information available

15.3. US State regulations
No additional information available

SECTION 16: Other information

Revision date: 04/24/2018

NFPA health hazard: 0 - Materials that, under emergency conditions, would offer no hazard beyond that of ordinary combustible materials.

NFPA fire hazard: 0 - Materials that will not burn under typical dire conditions, including intrinsically noncombustible materials such as concrete, stone, and sand.

NFPA reactivity: 1 - Materials that in themselves are normally stable but can become unstable at elevated temperatures and pressures.

SDS US (GHS HazCom 2012)
The information above is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes. Please be advised revisions to the Safety Data Sheet (SDS) may require a label update. In no event shall Whitaker Oil Company be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, howsoever arising, even if Whitaker Oil Company has been advised of the possibility of such damages. The vendor assumes no responsibility for injury or damages resulting from the inappropriate alteration or manipulation of this SDS and its contents from that originally submitted by Whitaker Oil Company.
