Dear Hydrocarbon Fluids Distributor:

Please be advised that effective **June 1, 2009**, ExxonMobil Chemical Company (EMCC) will increase its prices for the following hydrocarbon fluids by three (3.0) ¢/lb:

Exxso™ Fluids (all grades, including naphthas)	Escaid™ Fluids (all grades)	Actrel™ 1160L
Varso™ Fluids (all grades, including naphthas)	Exx-Print™ Fluids (all grades)	Actrel™ 1138L
IOSOL™ Fluids (all grades, including naphthas)	CLF (all grades)	OMS

Also effective **June 1, 2009**, ExxonMobil Chemical Company (EMCC) will increase its prices for the following hydrocarbon fluids by four (4.0) ¢/lb:

Aromatic 100 (all grades)	Toluene (all grades)	Xylene (all grades)
---------------------------	----------------------	---------------------

All other terms and conditions will remain the same.

Crude oil and motor gasoline prices have continued to escalate, increasing the costs of key chemical feedstocks. Consequently, margins for many fluids products remain at unacceptable levels. This price increase is necessary to partially restore margins to more acceptable levels.

We recognize that price increases can create challenges in your downstream businesses, so we will continue to provide you with ongoing communications on feedstock costs and industry supply/demand to help manage through these difficult times.

Your understanding and support is much appreciated.

If you have any questions, please contact your ExxonMobil Chemical Sales Representative.

Sincerely,

A handwritten signature in black ink that reads "Paul Galasso". The signature is written in a cursive style with a large initial "P".
