SUBJECT: ACETONE PRICE INCREASE

Dear Valued Customer:

Effective with shipments on March 1, 2009, or as contracts allow, Sunoco Chemicals will increase Acetone prices by \$0.06 per pound.

This announcement is in response to feedstock price volatility and escalating energy costs.

Sunoco reserves the right to restrict purchases of product prior to the effective date of the price increase to an amount equal to one half of the average monthly amount previously ordered.

Please contact your sales representative should you require any additional information.

We appreciate your cooperation and support, and look forward to supplying your Acetone requirements.

Sincerely,

Tom Clancy  
Business Director, Phenol and Related Products  
Sunoco Chemicals
